REMARKS

37 CFR § 1.312 AMENDMENTS AFTER ALLOWANCE

37 CFR §1.312 provides:

"No amendment may be made as a matter of right in an application after the mailing of the notice of allowance. Any amendment filed pursuant to this section must be filed before or with the payment of the issue fee, and may be entered on the recommendation of the primary examiner, approved by the Commissioner, without withdrawing the application from issue."

Manual of Patent Examining Procedure (MPEP) §714.16 provides:

The primary examiner can make "examiner's amendments and has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of formal matters in the specification or drawing... without forwarding to the supervisory patent examiner for approval."

Moreover, "where amendments... are shown (A) to be needed for proper disclosure or protection of the invention, and (B) to require no substantial amount of additional work on the part of the Office, they may be considered and, if proper, entry may be recommended by the primary examiner."

I. AMENDMENT TO ADD SPECIFIC REFERENCE TO PRIORITY APPLICATIONS IN THE FIRST SENTENCE OF THE SPECIFICATION

On September 28, 2004, the USPTO issued a Notice of Allowability for the above-identified application. In compliance with 35 U.S.C. § 120 and/or § 119, Applicants have hereinabove inserted a paragraph to the first

Applicants : N. Rosen et al.
U.S. Serial No. : 09/445,054
Filing Date : March 27, 2000

sentence/paragraph of the specification claiming priority of International Application No. PCT/US98/08646, filed on June 4, 1998, which claims priority of U.S. Serial No. 60/048,736, filed June 5, 1997, now expired, and Great Britain Patent Application No. 9801231.3, filed January 21, 1998.

This Application is a 35 U.S.C. § 371 or national phase application of International Application No. PCT/US98/08646, filed June 4, 1998, now expired. See **Exhibit B** for a copy of the Transmittal Letter to the United States Designated/Elected Office (DO/EO/US) Concerning a Filing under 35 U.S.C. § 371, including the Express Mail Certificate and Express Mail Label. See **Exhibit C** for a copy of the PCT Notification Concerning the Submission or Transmittal of Priority Documents. This Application properly claimed priority of the filing date of PCT/US98/08646, filed on June 4, 1998, now expired, which claims priority of U.S. Serial No. 60/048,736, filed on June 5, 1997, now expired, and Great Britain Patent Application No. 9801231.3, filed January 21, 1998. However, upon reviewing the file, Applicants have discovered that the first sentence/paragraph of specification which makes reference to the priority application(s) (may) have been inadvertently omitted.

Accordingly, Applicants hereby submit this Amendment to correct formal matters in the Specification of the above-identified application. Applicants maintain that the Amendment is needed for proper disclosure and/or protection of the invention, and require no substantial amount of additional work on the part of the Office. Applicants also maintain that there is no issue of new matter. Accordingly, Applicants respectfully request the entry of this Amendment.

Applicants : N. Rosen et al.
U.S. Serial No. : 09/445,054

Applicants hereby submit the following documents, **Exhibits C-E**, in support of the Amendment after allowance under 37 CFR §1.312:

Exhibit C: A copy of the PCT Notification Concerning the Submission or Transmittal of Priority Documents, showing that a certified copy of the prior applications which the PCT/US98/08646 claims priority was timely received by the International Bureau.

Exhibit D: A copy of the Combined Declaration for Patent Application and Power of Attorney (hereinafter as "Declaration") executed by all the named inventors, including March 21, 2000 First Class Mail Certificate and Fee Transmittal for Late Declaration Fee. On the first page of the Declaration, Applicants indicated that this Application was filed as PCT International Application Number PCT/US98/08646, on June 4, 1998. On page 2 of the Declaration, Applicants claimed benefit of U.S. Serial No. 60/048,736, filed June 5, 1997, under 35 U.S.C. § 120.

Exhibit E: A copy of the supplemental Declaration and Power of Attorney (hereinafter as "Supplemental Declaration"), in which Applicants claim priority of PCT/US98/08646, on June 4, 1998, Great Britain Patent Application No. 9801231.3, January 21, 1998, and U.S. Serial No. 60/048,736, filed June 5.

Based on above-mentioned supportive documents (attached herein as **Exhibits C-E**), Applicants respectfully request that the new paragraph claiming priority of International Application No. PCT/US98/08646, filed on June 4, 1998, U.S. Serial No. 60/048,736, filed June 5, 1997, now expired, and Great Britain Patent Application No. 9801231.3, filed January 21, 1998 be

inserted into Page 1, Line 1 or first sentence of the Specification of the above-identified Application.

Accordingly, Applicants respectfully request that the Examiner recommend the entry of this Amendment and that the Commissioner approve the entry of this amendment without withdrawing the Application from issue. Upon entry of this Amendment, the following paragraph will be entered into or added to the Application:

This application claims priority of International Application No. PCT/US98/08646, filed on June 4, 1998, which claims priority of U.S. Serial No. 60/048,736, filed June 5, 1997, now expired, and Great Britain Patent Application No. 9801231.3, filed January 21, 1998, the contents of which are incorporated herein in their entireties by reference.

II. CORRECTED FIGURES

In Item No. 6 of the September 28, 2004 Notice of Allowability, the Examiner stated that "corrected drawings must be submitted... including changes required by the Notice of Draftsperson's Patent Drawing Review... attached to Paper No./Mail Date 10/10/01." During the December 21, 2004 telephone interview with the Examiner, the Examiner has indicated that the "Paper No./Mail Date" of the Office Action to which the Notice of Draftsperson's Patent Drawing Review was attached should be "July 2, 2001". A copy of the March 27, 2000 Notice of Draftsperson's Patent Drawing Review is attached herein as **Exhibit F**.

The Draftsperson objected to the Drawings for the following reasons:

Applicants : N. Rosen et al.
U.S. Serial No. : 09/445,054
Filing Date : March 27, 2000
Page : 9

- a) the left margins on several of the drawings were not acceptable;
- b) the lines, numbers and letters of the drawings were not uniformly thick and well defined;
- c) the numbers and reference characters were not plain and legible; and
- d) the figure legends were poor.

In response, Applicants respectfully maintain that new formal drawings in response to the March 27, 2000 Notice of Draftsperson's Patent Drawing Review was previously submitted to the USPTO on August 2, 2001. A copy of the August 2, 2001 Submission of Corrected Drawings, including the August 2, 2001 Certificate of Mailing, is attached herein as **Exhibit G**. To expedite the issuance of this Application as a U.S. Letters Patent, Applicants also submit a copy of the new formal drawings, i.e., Figure 1, Sheet 1/48 to Figure 33, Sheet 48/48, which complies with USPTO drawing requirements and marked with "Replacement Sheet", as **Exhibit H**, to replace all the drawings in this Application.

III. FEE(S) TRANSMITTAL FOR PAYMENT OF ISSUE FEE

This Communication is submitted in response to September 28, 2004 Notice of Allowance and Fee(s) Due issued by the United States Patent and Trademark Office in connection with the above-identified application.

Applicants hereby submit a check in the amount of SEVEN HUNDRED DOLLARS (\$700.00) for the Issue Fee, a check in the amount of THIRTY DOLLARS (\$30.00) for 10 copies of the published patent and the Fee(s) Transmittal. A copy of the Fee(s) Transmittal is attached herein as **Exhibit A**. Applicants

Applicants : N. Rosen et al.
U.S. Serial No. : 09/445,054

respectfully request that the Commissioner issue and publish
this Application as United States Letters patent.

Conclusion

Applicants respectfully request that the Examiner insert the above-mentioned, underlined paragraph into the application and enter the new formal drawings into this Application.

If a telephone interview would be of assistance in advancing prosecution of the subject application, Applicants' undersigned attorney invites the Examiner to telephone him at the number provided below.

No fee other than the SEVEN HUNDRED DOLLARS (\$700.00) Issue Fee and the THIRTY DOLLARS (\$30.00) fee for 10 copies of the published patent is deemed necessary in connection with the filing of this Amendment/Communication. However, if any additional fee is required, authorization is given to charge the amount of any such fee to Deposit Account No. 50-1891.

I HEREBY CERTIFY THAT THIS CORRESPONDENCE IS BEING DEPOSITED WITH THE UNITED STATES POSTAL SERVICE AS FIRST CLASS MAIL IN AN ENVELOPE ADDRESSED TO: ASSISTANT COMMISSIONER OF PATENTS AND TRADEMARKS, WASHINGTON, D.C. 20231, ON THE DATE APPEARING BELOW.

DATE: 8/2/01

REMARKS

The drawings filed with the instant application, which is a National Phase application under 35 U.S.C. 371, have been reviewed by the Draftsperson and he has objected to the drawings for the following reasons:

- a) the left margins on several of the drawings were not acceptable;
- b) the lines, numbers and letters of the drawings were not uniformly thick and well defined;
- c) the numbers and reference characters were not plain and legible;
- d) and the figure legends were poor.

Applicants respectfully thank Examiner Chase for the telephonic discussions with Applicants' Attorney Muthard regarding addressing these objections. Applicants pointed out that replacement formal drawings were submitted by the Applicants to the U.S. Receiving Office of the PCT after the original PCT International Application was filed and in response to a Notice from the PCT to submit Missing Parts. Applicants sought clarification as to whether the drawings which the Examiner/Draftsperson objected to were the informal drawing filed with the original International Application, or were the subsequently submitted formal drawings that had been prepared by a professional draftsperson to comply with both the PCT and U.S. PTO requirements. The Examiner/Draftsperson suggested that to be fully responsive Applicants should submit a copy of the formal drawings along with copies of the papers accompanied the formal drawings sent to the U.S. Receiving Office during the international phase.

Applicants herewith submit a copy of the formal drawings for the above captioned application along with a copy of the letter to the U.S. Receiving Office for the PCT regarding the submission of the corrected drawings on a timely basis to the Receiving Office

Applicants respectfully request that the Examiner/Draftsperson's objections to the drawing for the instant application be withdrawn in light of the new formal drawings. If a telephonic communication with Applicants' representative will aid in the advancement of the prosecution of this application, please telephone the representative indicated below.

Respectfully submitted,

By: 

David A. Muthard
